

**Ministering truth to the body of Christ for 30 years**

## **2025: A Transition of Unknown Consequences**

Let me begin by saying that God is in control.

Wisdom in the book of Proverbs says, “*fools despise wisdom and instruction*”(1:7b.) The bible describes “*the foolish person will speak foolishness, and his heart will work iniquity: to practice ungodliness, to utter error against the LORD, to keep the hungry unsatisfied, and he will cause the drink of the thirsty to fail. Also the schemes of the schemer are evil; he devises wicked plans to destroy the poor with lying words, even when the needy speaks justice.*” Isaiah 32:6-7

Ancient words for those who are not foolish, are found in Prov. 1:3 “*To receive the instruction of wisdom, justice, judgment, and equity,*” We have a large segment of the people who do not like to hear facts to address the corrections.

Facts should speak over our personal views; we should not ignore the facts. We need to face the facts, we have been dealing with evil and it is found everywhere. The facts are, if Trump did not lose in 2020 we would have no idea the evil we have been facing. It has now been identified, enough people have seen through the many facades, and lies and changed their minds. We have all heard of the wisdom of the elderly, however, “*Great men are not always wise, Nor do the aged always understand justice.*”(Job 32:9) Prov. 10:20-21 tells us “*fools die for lack of wisdom.*” What is wisdom? It is acting upon true and accurate knowledge to do what is right to accomplish good, in our case to do the will of God, to help people.

The end of 2024 had drones and strange unknown objects seen in the skies beginning in NJ and NY, and then all over the country (signs in the heavens). Then a mystery fog appeared which was reported to be making people ill and lingering around for days. To say these are strange days would be an understatement. 2025 began with terrorism and a mystery car blowing up at a Trump building, with no solid answers as to why. Jabbar said he served as a human resources specialist and IT specialist from 2007 to 2015. Jabbar converted to Islam within the last year and was able to kill 14 people in what authorities are investigating as a terrorist attack. The FBI said an ISIS flag was found attached to a pole on the truck's trailer hitch. This story is now expunged from the news.

Then one of the most liberal areas in the United States, LA begins to burn. Some say it is deserved because of their wickedness, that God is judging. This is a very wrong thing to say, as many people not involved in Hollywood's amoral perversion, those who are Christians are losing everything also.

With all of this taking place God is at work. As we go through the New Year events, I want us to relate these to the church pointing out the similarities and make applications. Can the church learn from those who teach over social media platforms? We are in a time of many false prophets publicized in magazines, lies (called heresies) from the pulpit go out through social media.

There is one because of its importance stands out, a false vision of what would happen on inauguration day, this is what passes for prophecy today; [Pastor Biggs prediction](#). There are those that ask ‘*How can so many prophets be wrong?*’ Because they are not prophets. The prophets of Scripture spoke accurately what words God gave them, there was no guesswork.

### **Communism versus the people**

We once knew the enemy of people, 40 years ago pres. Reagan spoke publicly against its power and the wall was torn down in Berlin; but Communism did not fade, it became stealth and spread its tentacles all over the globe. At the same time Islam began asserting itself; now we face both.

The enemy of God and man does not retreat, it finds another way. We have had a taste of reaping the whirlwind in our own country, and now we are placed on a correction course in the opposite direction that America has experienced for many years, it is going to be difficult but it can be done. Mr. Trump won the election (again) and almost immediately started acting as president, setting things up for his administration to reverse the rapid decline. A spirit of heaviness [was being lifted](#), as we looked to God, our hope for freedom had returned. We have watched our society fall into lawlessness, and corruption; now we have a reprieve, of what length we do not know.

Having weaponized the government against the people, ironically funding their apparatus from the people. We can learn of the strong-arm tactics of the former administration that was said to scream and curse at FB to obey their directions. As the church, we should learn from this and identify spiritual bullies in the pulpit that do the same.

Another example; they paid Reuters from 2018-2022 to have a social engineering program, which was intended to be an internal reset to our government. This and more are now being exposed. They have lost their control, and the only thing left to do is to fight, riot, and cause chaos. In fact, that is what many are calling for against those now making the corrections.

I penned this before the rising rebellion gained momentum, because I know Socialists/Communists do not take losing well, as we already see their reaction. The side that held power is trying to prevent any discovery of their corruption and spending spree with taxpayer's dollars. Words' meanings are different to those involved in the rebellion, to them build means to destroy (build back better). They call Socialism democracy but the facts are, socialism has always faced off with democracy. As a Republic we are to be governed by the people and to have free speech.

However, we the people of this nation have given much of this up to elected officials who lie. We no longer had a voice, but we have chosen law and order, not lawlessness and corruption that has been forced upon us.

Tragically we let it happen, it was done by allowing the youth to be educated, brainwashed by those with hate against the ideas the country was formed on. We gambled thinking the best would happen and instead, the worst did. We cannot leave anything to chance, with all that has taken place, there is hope stirring. An American renewal is underway, can the Church see the same? For the church is being trained in what can Jesus do for me, not what can we do for him.

As for the church, we are to be governed by the truth, to seek it and live it. Today, this is most difficult as the world, the flesh and the devil are at its peak of influence.

We have been removed from the ideas of our country because of both crony capitalism and communist influence by those in leadership, who have lied and lied more, still lying. These are elitists, Self-exalted, opinionated nincompoops. We consider them fellow human beings, which clearly is an oxymoron, the bible describes these as having their conscience seared with a hot iron.

Leftists/globalists destroy by overpromising and never show up when it's necessary (like in disasters). Our country has felt their control for years. Now we need to show up for our country to turn us away from globalism. And so far we have! We need to take back what is being stolen, our rights as 'we the people! Victor David Hansen [explains](#) precisely what is taking place.

They publically parade themselves as being for the people, but Socialism leads to communism, which has the goal of making everyone's standard equal. This is achieved by always lowering one's living conditions to the level of dirt. But we can't blame it all on the carcinogenic culture change creatures in government.

The church is no different we have allowed those with ill intent, those ignorant of the bible to hijack the pulpits and mislead the church, steering us off mission. The religious side is no different than the ignorance on the secular side. Trust in God has been diminishing for a long time, even the general public sees the schemers in the pulpits. Paul has suggested,... No, he instructed Titus, (and us) *"But as for you, speak the things which are proper for sound doctrine"* (2:1-2). *"Now I urge you, brethren, note those who cause divisions and offenses, contrary to the doctrine which you learned, and avoid them"* (Rom. 16:17). Instead of doing this we welcome them and support them, and that is why we have so much falsehood facing us today; we allowed it to prosper.

And since I'm on this subject, appointing Paula White as a public governmental representative of faith for Christianity is a travesty, she blabbers, talk fast, aggressively motivating people with falsehoods. She has no Christian standard of truth in her teaching. She agrees with Larry Huch that Jesus is [not the only begotten son of God](#) (meaning the unique son), that we are too. Listen to her spiritualize, allegorize his crucifixion, what it all means - to have dominion. This explains much of where the church is at. Apparently submission, humility (Phil. 2:8) are not part of their equation.

Eccl. 5:2 *"let not your heart utter anything hastily before God. For God is in heaven, and you on earth; Therefore let your words be few."*

Prov. 10:19 *"In the multitude of words sin is not lacking, But he who restrains his lips is wise."*

Recently a Canadian Minister called for Removal of 'Savior' from Core Christian Beliefs Saying, *"It is a stumbling block for people to do interfaith work — how do we explain that word with Muslims and to Jews and to Hindus?"* asked the gay reverend. He thinks the word 'guide' instead of savior is a better substitute. Besides being a 'man pleaser,' he is denying Christ's work, what He came to earth for. Christianity is being changed into all sorts of unintended things by false teachers and blatant apostates.

Isa. 29:24 *"These also who erred in spirit will come to understanding, and those who complained will learn doctrine."* The church that is being led spiritually astray from the Word, what we need to learn is correct Bible doctrine. This means getting back to the basics of our faith, knowing what the gospel is and what it is not. Paul says this is what we stand in (1 Cor.15:1-4), we stand in the truth.

Can the church overhaul itself to get the overwhelming amount of false teachers out of the pulpits and be represented by teachers of truth?

There is no question we are living through a time of chaos with clowns dancing everywhere. A lawless government was governing us into oblivion that has resulted in many vacating their party. But how many have left the church because of the false teachers? I can tell you it has turned many away from the faith, and it has ruined many lives. So what we have is an anti - evangelism, anti-truth movement taking place and our resistance is not strong.

Our baptism is like an oath, we confess to follow the Lord. When you join Congress you take an oath, which many have broken. Just as there are traitors to our country, there are traitors in the Church. Let me give an example we all can understand.

We have fraud, storytelling, disinformation, censorship, hype, publicity and marketing. One would not be able to tell the difference between the world and much of the Church if they are not living by the Word. We are to be different than those who do not know their left from their right. God took pity on Nineveh, who could not discern between their right hand and their left (Jonah 4:11). He sent them a reluctant messenger to speak to their conscience.

Today, peoples conscience is marred in such a way that they do not understand the difference of what is right and good, nor do they have remorse for how they have acted. The only time they tell the truth is by mistake. They almost have me believe in vampires the way they take the life from people.

Can integrity, and sanity be restored to any of the offices in America. Yes, Can the same be done to the churches that are being mislead? Yes. To do this we all need to be involved.

### **Fire and destruction -the nature of hell**

Five separate major wildfires nearly all sprung up at the same time, not a natural occurrence at all. This is why accurate news reporting is so important.

Karen Bass is, [the 43rd mayor of Los Angeles](#) since 2022. LA Mayor Karen Bass failed to prepare for the fire season and was off in Africa at the time. She previously slashed fire department funding by millions of dollars. Governor Newsom also cut the State Fire Budget by over \$100 MILLION months before, including Forest Wildfire Funding, he did not maintain the forest management which would cost far less than what the fires now cost.

How bad is it, really? [Unbelievable](#)

Many in Hollywood blame the fire on Trump, because of his global warming policy. Their common sense thinking is burnt out, because PJ media reports [95% of California's Wildfires](#) were started by PEOPLE, Not Global Warming! And Trump's policies were not in effect. But they don't want to make any individual guilty of a crime (except Trump), so they make everyone guilty of what they didn't do for the planet. The FEMA administrator, Deanne Criswell said on CNN's "State of the Union" that the wildfires in Southern California are caused by climate change. When it really was from mismanaging the forests. Of course dryness can affect timber but does not maintaining the forest have something to do with all this? And what of the need for water?

Loathsome Newsome said they were up against hurricane-force wind. Yes,... but does that matter when you have NO WATER. This is Criminal negligence, winds help spread them, not start them. Prov. 15:22 *"Without counsel, plans go awry, But in the multitude of counselors they are established."*

[No New Water Storage](#) in California after they sunk in \$7.5 Billion. It is reported Firefighters took too long to respond to Pacific Palisades fire on January 7; why? For budget reasons.

Newsome who seems to know nothing about the cause, states *"I am calling for an independent investigation into the loss of water pressure to local fire hydrants and the reported unavailability of water supplies from the Santa Ynez Reservoir. We need answers to ensure this does not happen again..."*

This is a repeat of Maui, and to add insult to injury Fire insurance was canceled because the insurance companies saw this coming. The LA fire chief ["I warned and rang the bell"](#) apparently they didn't heed. The LA Fire Union Chief Recalls [Dire Warning to City Leaders](#) but Was Ignored. The Water Chief Knew of Fire Hydrants Not Working, there were also hundreds of hydrants stolen, and the Reservoir was Offline and empty. Pacific Palisades reservoir was empty. Do People come first in the largest state in the country? La fire chief says the gov. failed them. This is what extreme environmentalism does when it is a priority: saving a smelt ½ inch fish that has not been seen in years, a [2019 fire safety program was halted](#) to save a random herb in the pea family.

What does this have to do with the Church? Fires are destructive, and we are seeing Bible doctrine being burned up before us.

Coming at you at 100 mph, a truth finder [finds out](#) water is the ultimate importance. A sky view of the [devastation](#). What happened on the [water](#)? They rerouted the water from the mountains into the sea, knowing full well its need for such a time as these. So we watch videos of firefighters filling up women's purses with water to put out a fire?

There was No water to help fight the fires. Spiritually speaking the church has little water going out (Eph.5:26) to extinguish the fires of false teaching that continually burn devastating lives by not exposing their teachings.

Will this end the careers of certain politicians, probably not, they will skate away on ice with no consequence. In the church there is also little consequence for teaching outright false doctrines and prophesying falsely, so it keeps expanding. Many employ their own favorite excuses of toleration.

At a time when one would think our humanity would become more visible. The worst offenders came out, hundreds of [looters](#) disguised themselves as firefighters, going into the homes not completely destroyed to [grab](#) whatever they can.

Isn't that what is taking place in the church, as they find entrance into people's bank accounts by their promises of seed faith, the increase for self.

Pastor [Jack Hibbs](#) had this to say on the state of incompetency of his state. Which speaks volumes of the ineptitude of those in leadership. There is no doubt there is a fifth column operating in our government to sabotage what would be common sense to govern, from those elected who have betrayed their oath, to appointed judges, with various other positions of power. This example of an EPA advisor [Project Veritas](#) exposed in an undercover video admitted that the agency rushed to allocate billions of taxpayer dollars to climate change initiatives just before the inauguration of the new President.

### **Reimagining LA 2.0, for the 2028**

Babyface Newsome is gruesome, he has collapsed LA efficiently and quickly, just like Biden's administration did to America. And, [while the fires were still burning](#) he ignored massive property losses and deaths by his decided policies, seeking huge infusions of federal and state taxpayer money to rebuild Los Angeles, as he envisions it to 2.0. Some say with reason for the 2028 Olympics, the goal of a smart city is part of this reset. After watching what has been done over the last 4 years, as radical as this seems, I don't think we can discount this. The mayor (2006), who is now the [governor](#) was associated with the WEF.

The "Build Back Better" slogan was found with the WEF during the covid emergency declaration, which is really about deconstruction, not improving anything. Their [young global leaders](#) (YGL) have been established since 1993 and the WEF have inserted their change agents all over the world, [the list](#). (We cannot vouch for all the people mentioned, some may be involved differently than being a member for the agenda).

### **Which reset will win?**

The better reset is now taking place, led by a president who they tried to blame everything they could on. Regardless of what the left accuses, there are some on the right who say he is the antichrist because of a so-called near head (ear) wound. I strongly suggest to stay away from these types of people who twist the word and prophecy in application. These are the same people who are against Israel existing (i.e. Dustin Nemos and Mike Adams to name a few. Watch for

what is soon to be posted on these two, It is going to be upsetting, especially for those who support Israel).

The debt is coming to bite us all unless it is averted. We now have the biggest budget deficit ever. We as a country are 36 trillion dollars in debt. What does this mean to us? I looked this number up ... this is what was said, If we spent 1 million dollars a day since Jesus came it would take 28,000 years to remove the debt. We can't pay off the debt the way we are going.

We are all sinners however, the people in charge of our country and world have gone further dark, into evil? There is no other way to describe some of those who have the highest positions in the land that have turned their back on their fellow citizens and humanity. Those now appointed for positions in the administration want to see a change for the good, and are barely getting through by the votes in congress; one side is always a unanimous nay. And once they are active in their governmental positions, they are withstood because they are upsetting the status quo.

### **The technocracy takeover**

In the 70's it was asked, *"have you been experienced?"* 50 years later it is, *"Have you been digitized?"*

*"Technology has transformed almost every facet of our lives. 85% of Americans already connect with each other through handheld smartphones, 72% are active on social media, and the average household has 11 connected devices (Pew Research, Dec 2020 & Deloitte Consulting, Dec 2019).*

AI is being introduced as the answer, pictures and videos are used to convince people of the advantage in the name of progress. Society being digitized makes it easier to be under the control of a government, or an individual. (See <http://www.letusreason.org/Proph85.htm>)

### **They fight against the peoples will**

Trump is not the only one to suffer from the warfare of the statist, so many innocent jan.6ers were put in prison accused, but never convicted of an insurrection. They are now suing.

Tina Peter is a gold star mom was sentenced to [9 years in prison](#). For what? She dared to preserve election results that she was legally told to preserve when state officials demanded that the voting machines be scrubbed of results following the 2020 election.

### **The globalists**

They challenge parental authority on everything. Replace it with their gender ideology divorcing us from the values we had from the beginning of mankind, forget what God has said! This is all diaprax, the same is used by word faith teachers, saying we have the power of God as little gods to change reality.

The first step back to normalcy (with only 2 dem's siding with sanity) [House Passes Bill Banning Transgender Athletes \(Bio Males\) From Competing in Girl's Sports at Schools That Receive Federal Funding](#)

The border will no longer be open for human trafficking, child sex trafficking or drug trafficking (Fentanyl). Still Millions and millions of children are missing all over the world. Where are they all going? Underground? Did you know there are tunnels under many buildings and homes? Why is this new technology not being used to find this out? This is a window into where we are at in our culture Worldwide

George Soros one of the world's richest billionaires uses his money to destabilize countries to make more money and he promotes open borders. He had received 270 million from Usaid, which is now found out to be a main stealth distributor of \$ to many left agendas. Reports of Soros' son being investigated, [watch him](#) in action

USaid did little good compared to what they actually did under the claim of humanitarianism The Dems are going after Elon Musk for finding an enormous amount of government waste. The EU is also going after Elon Musk but they leave George Soros alone.

Soros has also been buying up radio stations in America, (200) he also purchased the second largest station in America. With just one [lone senator](#) challenging it!

The instruction Jesus gave to die to self is not found among word faith teaching, instead a deserved abundance is taught. Imagine if all the word faith teachers got audited like Musk is doing for USaid, what kind of luxurious living would we find?

When so many lack a modicum of theological understanding in the Church, can we expect a turnaround into correct teaching? Hopeful but not expectant.

## **Ps. 2 why do the nations rage...**

Over 100 governments had recognized the State of Palestine. Their faux neighbors, Palestine/ Gaza) turn on Israel, a tiny nation trying to exist without being annihilated, accusing them of being terrorists as they protect themselves from the real terrorists that live next door; they are the ones committing genocide. [Gaza's Forgotten Jewish History](#) does not sit well with the Palestinians, yet it is history.

If you have any love for the Palestinian people you must not support Hamas who has caused many of their problems. Many Palestinians want new elections, they want out. But Hamas will not allow it, any resistance is met cruelly by their ideological principles of the religious.

## **Islam in America and the world**

Dictator [Bashar al-Assad](#) is gone from his country, it is now being run by Islamist ex-al-Qaeda group Hayat Tahrir al-Sham, an alliance of rebels stormed Damascus and [Assad jumped on his jet](#) to flee into the embrace of Vladimir Putin.

Is this a peace deal? Hamas released three Israeli women they kidnapped and held hostage in Gaza for 471 days. Israel is now obligated to release 90 dangerous men jailed. This is the chessboard moves of a bad game plan.

If the selected or volunteered Hamas terrorist is caught they are jailed. If they succeed in their terroristic sacrifice, their family receives a lifetime pension (read [The Global Threads of Terror](#)). This not-so-merry-go-round has to end or nothing will change, it will continue to repeat no matter who is in charge.

The Jewish perspective: The 'Israel guys' explain what the hostage deal really is, both good and bad [https://www.youtube.com/watch?v=WYpANUMF\\_qE](https://www.youtube.com/watch?v=WYpANUMF_qE)

### **The war continues**

This is about religion and Islamic imperialism which is everywhere -- not just intruding on Israel. Does Europe acknowledge that Islam has already taken over much of Europe and North Africa?

Lying is never far from a foolish man's mouth, it accompanies them in almost everything they say. It is a necessary component to their nature as rebels/communists.

Prov. 29:9-10 *"If a wise man contends with a foolish man, whether the fool rages or laughs, there is no peace. The bloodthirsty hate the blameless, but the upright seek his well-being."*

Prov. 10:20-21 *"the tongue of the righteous is choice silver; The heart of the wicked is worth little. The lips of the righteous feed many, But fools die for lack of wisdom."*

You are either lawless or for law and order. We are either looking to the Lord to remedy the situation or to man. God will use people to get his will done, but he is to get the glory.

Consider this article: [Throwing Jesus Under the Bus](#)

We hear from those in government that want everything to continue as they were (immunity from corruption) singing "[which side are you on?](#)" Good question, as Joshua similarly asked the people 'who will you serve?'

God has a government. It rests upon Christ's shoulders and we expect those in the leadership of the Church to be under him by submission, not dominion; they are to employ his teachings so that his light is not only seen, but affective.

As we go further in time, we are going darker, and we need to be prepared. As we watch the church's message diminish, Open Doors recently published its annual [World Watch List](#) – found that [380 million Christians around the world face severe persecution](#). It is increasing. That is the whole population of America, and then some.

I leave you with [this song](#) one of my favorites from someone genuine, sung later in life - [live](#).

May you know the grace of our lord

*Mike Oppenheimer*
