## ABOUT THE CONFERENCE

Scripture tells us that in the last days perilous times shall come.

Women today have their own set of unique circumstances that require discernment in spiritual matters. Whether you are in the home or on the job, changes in the church and society are affecting your faith.

What are the latest heresies and issues in the church that especially target women? How do the new plans and programs affect children and families? Will you know how to respond biblically?

This conference will explain many of the coming dangers, and offer practical help and wisdom from God's Word. A number of the speakers have been personally involved in these topics and will give their testimonies on how they were set free by the Power of God. Every lady attending will be challenged and inspired to go forth in the strength of His might.
