

Our Survival in ***Times of Destruction***

The people of any nation deserve to hear the truth, but truth can be elusive, withholding information can be just as detrimental as outright lying. Truth is an important element needed in the facets of our everyday life. However, there is only one place to find eternal truth, spiritual truth that will affect your life forever. Jesus said the truth (His) will set you free; He is that truth and He gives eternal life.

Sifting through the multiple massive stories reported each day, some themes continue to surface. The main one is betrayal, by not telling the truth, and, inciting hatred, and division among the people and in the country. The News often lets us know the condition we are in and where we are headed as a country. Again, people of a country live by, or, under their politics; as individuals, we live by faith.

Politics is the #1 issue of our day (for now). Most people know we have lost control of the country. Most understand this not as politics as usual, many would describe this more as a spiritual battle, of good versus evil (Eph. 6:11-13). At this time, we are in a very serious condition, we have reached the crisis point.

Let's first discuss the elephant in the room (our country). There was a man named Karl Marx who opposed God and thought his lies would be better for people to live by. We need to understand that a Marxist is not quite the same animal as a communist. Yes, there are shared similarities in their ways and their goals, to build a millennium (utopia) without God. But Karl Marx was a demoralized self-destructive man in his ideology. Those who follow him do the exact same to themselves and others whether they are aware of it or not. To understand who and what he was, this new 2-part article explains [Marxism beginnings \(letusreason.org\)](https://www.letusreason.org/marxism) and what happened to him.

We find the inspiration for Marx was Satan, who is a destroyer of what is good. And we as a country have allowed this destruction to come upon us at this time. <https://www.thegatewaypundit.com/2024/08/senator-shelley-capito-epa-kamala-harris-doling-inflation/>. In some ways, the Church is at fault. If we have not spoken out, or removed the false teachers in the church, some who claim to be god[s], how can we speak against the evil the politics are bringing to the world? (please right click on links if having trouble- to open)

Those who follow Marx into the darkness of his ideological disparity are some of the most unhappy people on earth. There is no happiness, or fulfillment to be found in Marxism (unless you count their glee for doing destruction.) People who hold to this philosophy of life have traumatized our nation. It does not have to be this way.

Prov. 29:25-27 *"The fear of man brings a snare, But whoever trusts in the LORD shall be safe. Many seek the ruler's favor; But justice for man comes from the LORD. An unjust man is an abomination to the righteous, And he who is upright in the way is an abomination to the wicked."*

Understand, Trump is just man, though some blaspheme and say he is more. He is one man fighting the machine. Regardless, the hatred focused on Mr. T, or anyone who wants to be a just leader and do what is right. They do not care at all what you think. These are people who are more than just closeminded, they are trapped in a jail cell of their own choosing, and many of them admire or follow Marx.

Watch [the left show you who they are](#) (from 1min 10 sec). They have anger issues, they hate, they have no control over themselves, they fix the facts proving you can't have a civil conversation with them.

How do we avoid being damaged by these self-destructive ones that surround us? We must distinguish the many lies being perpetrated upon us by the media, and social platforms, expose them, and focus on the truth to guide us safely through the battlefield. I have to check myself as I react to what these people say and do, because it angers me, it is bringing us to a very dark place, for it is the epitome of evil.

The debate-debacle

I have done a few of these in my time of ministry; I know how it can go being in the spotlight to immediately answer. The lies spoken were so abundant even if Mr. T disregarded many, there were still too many to answer. She purposely threw everything that she could at the wall hoping some would stick, and some certainly did! Who could answer all these chaotic statements?

There were a number of missed opportunities and one-sentence statements that could have been made as refutes. Mr. T needed to qualify certain statements so that there was no looseness in his answers. Nonetheless, this became a debate over the obvious. They both were working with a different set of facts, one of which is called opinions. K was very unspecific and was seen smirking as He answered.

Anticipating whatever what Mr. T, would say, the moderators immediately had a fact check (mostly their opinion) to debunk any of Mr. T's statements in the debate. As Megan Kelly commented, it was *3 fighters in the ring pummeling him*; certainly an accurate observation.

No fact checks for the woman in the room, it is reported she spoke up to 21 false statements.

<https://www.breitbart.com/politics/2024/09/10/21-kamala-harris-false-claims-hoaxes-that-debate-moderators-did-not-fact-check/>

Megan Kelly's [prog #886](#) expressed what many felt with ABC's one-sided fact-checking. The legacy media has pulled its last stunt, there is no more trust for them, and their credibility is stamped as void and rejected. Their game plan was clearly evident; keep her record secret. How will anyone learn what she actually believes? As some have applied the name chameleon, it certainly fits.

Have a laugh watching this video of the debate filmed with special glasses

<https://x.com/i/status/1834203175034728511>

Back to the debate, Mr. T asked, why did she not do these things she is claiming she is going to do in the last several years; this is THE point of all points.

Understand what the D's say is only words, promises they do not keep...Is this as bad as some describe it? Think of an iceberg, you only know what they want you to hear or see. And they will say anything to keep power. But the facts are hard to change once they are known. For example, Federal Communications Commissioner Brendan Carr slammed Kamala Harris's \$42 billion broadband initiative, calling it a colossal failure in a scathing testimony before the House Oversight and Accountability Committee. It is as Isa.59:4 states.

There is one other point that stood out. When Mr. T said she was a Marxist; she never denied it. She spoke (and speaks after) about her mom but never her dad, why? She is using Subterfuge to avoid the obvious. Her Dad is a hefty Marxist professor, and she does not want to open that door for any discussion. Being a Marxist is not just a title to identify a non-capitalist, it can be seen by what Marxists do. They use division, and accusations to harm history, both new and old. They bring a corrupt influence on nearly everything we trust and ruin it. It has reached into Institutions that were once trusted and cannot be any longer. One obvious example is to break our trust in government agencies to bring confusion and chaos. The people's trust level of government is at its lowest point in modern history. The U.S. Secret Service is now [trusted less than the IRS](#). The condition of the [FBI](#)

Illegal citizenry

Why did 158 Democrats Oppose the Bill to Deport Noncitizens Convicted of Sex Crimes? I thought they care about women's rights. <https://legalinsurrection.com/2024/09/158-democrats-oppose-bill-deporting-noncitizens-convicted-of-sex-crimes/>

We have reported how the progressives D's passed legislation for those who are non citizens to vote. All of this is not new, ex: Illegal Alien This Year Charged in Connection to Voting Fraud After Years of Voting in US Elections <https://www.thegatewaypundit.com/2024/09/doj-arrests-first-illegal-alien-this-year-voting/>

Many are doing whatever they can to make this a clean election with as little interference as possible. Illegal voters - <https://www.stopbogusballots.com/>

How serious is this? <https://x.com/BehizyTweets/status/1819545554075947439>

Are only citizens voting? The problem is that full and accurate statistics are not forthcoming. What we do know is that illegal voting is okay with the D's. Experts Believe [That 1.5 to 2.7 Million Illegal Aliens Could Vote](#) in 2024 Elections. Oklahoma just removed 450,000 false registration voters. The new [voting block](#), Arizona [supreme court](#) rules... the [non citizen voters](#).

So we see what we are up against in the country, as they are trying to affect the election by inserting millions of noncitizens to be able to 'vote for them' (not just vote). Battleground states are to stop using ballot drop-off boxes. They are trying to clean up the election, but at this time is it enough?

Can we go to any other country to vote in their elections? Why is it allowed here? Can we Vote in America twice, once for our first name and then for our last? How do dead people vote? Apparently, the progressive D sector of government seems to approve of this. They have gathered thousands of nonregistered voters along with those who vote after they die. Will you be surprised if Vice Pres. K gets 82 million votes, a million more than Mr. B? Don't be.

America, is now a Cain and Abel workshop

Symbolically speaking, the Cain's are making the country into a war zone, they start with trying to kill the one who will lead the country back to normalcy.

The question of why Cain killed his brother Abel is answered in Jn. 3:12-13.

For now we need to stop calling them liberals, they are leftists (radical communists of all sorts) that want a central government to control everything, even their bodies, which they claim are their own. How? They want a federal law to enforce abortions to be the rule of the land instead of the states where it should have been decided to begin with.

Israel was told over by God and over not to shed innocent blood. Ps.106:38 certainly applies to the populism of abortion (Isa.59:7). It is difficult to bring a nation back from this point of self-destruction.

As Rush Limbaugh used to say the left ruins everything it touches. Look what they have done to sports by promoting equity. One of the more intelligent outspoken speakers is Jesse Kelly. Recently interviewed by Tucker Carlson, he said, “*Our nation has been influenced by communist filth.*”
https://rumble.com/v5fkuit-kamala-harris-vows-to-violate-the-sanctity-of-your-locked-home-why-no-gun-o.html?e9s=src_v1_ucp

Anything goes to stop Mr. T. They are intentionally dividing us and making the country into a war zone. They use what all radicals have always used, *the end justifies the means*, even if it means destruction for them as well. It is said that Mr. T is running against the machine. The Swamp is the deep state, is the machine. What has Trump done, ask yourself why is he so dangerous? He’s dangerous to those who hate America and want to take it down, that’s who! We have already seen what Trump does in the White House, he was no dictator as K (and all the D’s) accuse him of continually. The dictatorship, which is against free speech is coming from them. Is Mr. T all about himself as they claim? Who is really [self absorbed](#)?

Is America’s democracy is being threatened? First of all, we are a constitutional Republic.
<https://rumble.com/v5b7r1n-america-is-a-constitutional...> You can’t protect what we are not, but you can protect what we are supposed to be. They are using fear by lying about what he will do to us all when they know much of this could never happen. The fear-mongering continues, democracy is in jeopardy ‘[doomsday scenario](#),’ is going to happen under Mr. T. Its Trump this, Trump that, the false accusations keep coming from the media who do not want to take ANY responsibility for creating an atmosphere of fear and hate. This is not politics, it is a manifestation of what is spiritual. This is democracy in action. It is Prov. 15:28 *‘the mouth of the wicked pours forth evil.’*

I have seen a lot said of what Mr. T’s views are on Christianity, some are very accusatory. Let him speak for himself <https://t.co/UydPRth8BM> -- <https://x.com/TacoforFive1/status/1836130652514849194>

What the Left fears is real fairness and freedom of speech. The smallest questions can upset them, in fact, your conservative/Christian existence upsets them. Pres. Reagan warned about the fragility of freedom in America. What they call hate speech is what disagrees or speaks against their twisted beliefs, their un-American ideas, and concepts against freedom[s]. These people are in a severe sinful condition and want to enforce their beliefs on others as they bring actual free speech to a halt under the guise of free speech; which is Hegel’s way. As the Scripture tells us “*Test all things; hold fast what is good. Abstain from every form of evil.*” (1 Thess. 5:21-22)

Those who have promoted hatred to kill our former president deny their influence. This latest assassin was heavily political <https://choiceclips.whatfinger.com/2024/09/16/trump-lets-loose-these-are-all-the-dems-trying-to-get-him-killed/>. The man from Hawaii was supposedly arrested in 2002 for a serious crime. How did he get to go to Ukraine to recruit people to fight against Russia while on the FBI radar? This smells worse than the first attempt. Some suggest a mole within the Secret Service, duh!

There is [a letter](#)—by the assassin given to an unnamed witness supposedly a month before, saying: “*This was an assassination attempt on Donald Trump but I failed you,*” he went on to say, “*I will offer \$150,000 to whomever can complete the job.*” Why this was released by the DOJ is beyond comprehension. No one should know of this letter or bounty. The DOJ should be held responsible immediately for this, as manifestos of killers are always kept under wraps as much as possible, especially right after. Besides the strangeness of what is written long before he went off on his kill mission. How did he arrive there 12 hours before, when it was a last-minute decision for Mr. T to go golf?

This insane behavior is unacceptable on both sides. What president can you recall had 2 attempts on his life? What have we become as a country, this is far more suspicious than what took place with JFK.

This is what our country is now like because of the influences of aggressive progressives. Amoral degenerates make their views known in the media to uphold their candidates, while at the same time they want the oppositional views shut down.

These attempts of murder will continue. Why? Because this is what communists/ radicals do to their enemies. *'The wicked watches the righteous, And seeks to slay him'* (Ps 37:32) A law is proposed in the event of a mass casualty incident by [allowing House members to be quickly replaced](#) without elections.

It is reported another explosive device was found at a rally, <https://twitter.com/i/status/1836413207285506424> In Mr. T's Tucson rally, a chemical burn that caused "blurred vision" and "burning" to the eyes affected 20 people seated on the left side of the stage. Anyone who supports a return to Mr. T's safe and sane policies understands now, they too can be a target.

You are unable to be a totalitarian government when you have a small government. That is the reason we have power delegated to states to govern, to ensure our freedoms. There are 3 branches to our government, not 4! As far as those complaints on the Joe McCarthy era; McCarthyism versus Communism. We need hundreds of witnesses, not just one. Watch this video- Americas next step toward communist takeover https://rumble.com/v5bca50-total-chaos-americas-next-step-toward-communist-takeover-w-james-lindsay.html?e9s=src_v1_ep

Whatever you think of Bob Dylan, he wrote this in the early 60's, is relevant for our day.
Come gather 'round people wherever you roam And admit that the waters around you have grown
And accept it that soon you'll be drenched to the bone If your time to you is worth savin',
Then you better start swimmin' or you'll sink like a stone For the times, they are a-changin'
(Bob Dylan - The Times They Are A-Changin' Lyrics | AZLyrics.com)

We are watching Prov. 10:23 *"To do evil is like sport to a fool."* These are no longer dribs and drabs from those who have power, the waters are now a flood, and we are drenched to the bone, it is evil that is flooding the land. We need to Prov.8:13 this!

Climate control

They want trillions of dollars to fight climate change, the weather which God controls, but they refuse to pray. They want control, they want to fight God, not just on the weather but everything. They would rather have the government run exercising their evil desires for all of us.

We need understand what they actually did during the pandemic; they were poisoning everyone. Not by the vaccine (which is another issue) but by global warming! They say CO2 is a poison, though it is a necessity for plant life. We support plants and they support us in the ecosystem. Having people wear masks all the time, even indoors with no one around, or outside, driving in their own car they were breathing in CO2 all day for many months. What they say is poison to us did a lot of damage, especially to children's brains. For the adults it seemed to have affected them more, it transformed them to have the brains of a plant. They now have a machine that will take CO2 out of the air, a not so brilliant idea.

The Hegelian dialectics influence on our culture

Everyone wants to see a change, will they be convinced to vote for the ones that caused all this chaos to keep power to bring change? That makes perfect sense in the way the media educates us. They call this 'democracy,' by tearing it apart. They blame the one who has held to the constitution as being the one

who will dismantle it. What we have been witnessing is a progressive demolition. This should be clear to anyone that is aware of the last few years of life in America, they blame others for what ‘they themselves are doing’, that brings harm, not just to their opponent, but to all.

It is as Prov. 17:15 *“He who justifies the wicked, and he who condemns the just, Both of them alike are an abomination to the LORD.”*

The forces of evil are active beyond anything seen in history, even in wartime. We have now entered the Hegelian zone that is not hosted by Rod Serling, but the News. The other side in their unity says, *Its Trumps fault, he incited the violence* to be assassinated. This is spoken like a card-carrying member of Hegel’s dialectic. Just like when he said on Jan 6, they should go peaceably and patriotically to the capitol ‘to cause violence?’ NO! He said to have their voices heard. Apparently, whatever is said the progressives reinterpret it as the opposite; in the way they think.

A perfect example of Hegel’s dialectic perpetrated on the American public comes from the power of the transformative legacy media. The same people who disliked and had nothing good to say about the VP, but after Mr. T’s debate with Biden, all said he’s got to go. VP is now a good,... no, a great choice!

Huh? But She was Biden’s co-pilot in EVERYTHING done wrong all along.

Their argument is like having a car lot and the one type of car you sell is sold out, and all you have left is this other car that was hidden on the lot that nobody wanted. And now you tell all the customers this car is even better than the one you were selling. Yes, that is called pulling the wool over your eyes, AKA wolves in sheep’s clothing (which happens to be the insignia of Fabian socialists.)

VP candidate Gov. Tim Walz stated that Americans are better off economically than they were four years ago. Does anyone believe this is true or accurate? This is what I mean by them saying whatever they need to be elected. These are (corrupt) politicians who speak from both sides of their mouth.

If we are better off, then their policies will continue – there will be no change.

Regardless, once in a while the [Truth sneaks in](#). We should be very concerned of anyone who is a Marxist/communist that wants to have their policies for America. Some more truth [to digest](#)!

The most repeated phrase The VP says is, *“What can be, unburdened by what has been* is what she has said for years. But [what exactly what does it mean?](#)

<https://whetscience.substack.com/p/the-subversive-truth-behind-what>

Eric Weinstein on [Why Does Kamala Harris Keep Repeating](#) this?

Marx argued the only solution was to enforce equity, a social construct that ensures their idea of an equal outcome for all. Except this outcomes goal is by the lowest the common denominator. What it means is abandoning capitalism to embrace equity we can "move forward into a future unburdened by what has been." This statement is a perfect example of Hegel’s dialectical, how he used words.

Communism is an enemy not only of Christians by all religions, and of all humanity. God states the fool says there is no God. Do we want our country run by fools? They have no fear of God - but they want you to fear them! They say God does not exist; they will one day soon find out he does.

They refuse to keep the laws we already have and say we need more laws, as if there are no laws existing for the problems we face. That is the outworking of the Hegelian dialectic.

We should all be alarmed at their trying to convince us that THEY are the protectors of freedom and instead make Trump the #1 promoter of tyranny.

Prov.12:17 *“He who speaks truth declares righteousness, but a false witness, deceit.”*

We are to refuse to have anything to do with evil, but to hate evil. But we live in a day where evil is called good and good is called evil (Isa.5:20). Israel was told they had wearied the LORD with their words; they asked how?" God tells them by how *they think*, that "*Everyone who does evil Is good in the sight of the LORD, And He delights in them*"...(Mal. 2:17).

Citizenship immigration

We are told [Crime is down](#), just like inflation. Really? All the stories you see and hear are wrong.

The media fails to mention the increases, I wonder why? Here is one of [the answers](#), at the same time they say this [in DC ...Urban Violent Crime](#) has Spiked 40%, but we have [safe streets](#) in large cities?

Has [crime dropped](#)? It's all [how you count the data](#); just like how you count the votes.

It used to be called organized crime.[How corrupt](#) are some of the people inside of our government/ Fully dishonorable, they vote against the people's will over and over as if we do not exist. They are incapable of making the right choices.

Transnational gangs will probably be here for years to come, Tren de Aragua of Venezuela that were made famous for taking over Aurora rental buildings were becoming allies with local gangs. Finally, the gangs that the governor of Colorado said were not there got arrested, but the question is, will they stay arrested? Consider if only 3-5% are criminals or terrorists, (a likely number). Do the math on up to 20 million in the country. This means at the very least there are 300,00, or as high as a million. Criminals, gang members are not the same as terrorists who wait to do their dirty deed. They are active every day.

Congressional Report: Over 85% of Migrants Arriving at Southern Border are released into U.S. by Biden-Harris. We are told over and over the border is secure by Myorkas, when it is not.

We are told that many researchers have found there's no connection between immigration and crime. And that immigrants are less likely to commit crimes than people born in the US. So they want us to believe they break the law to enter the country and they will then keep the laws of the country they are now illegally in? The fact is, most do not show up for their court date 6 months later.

We need to remember these are the same people that promoted the vaccines as safe and efficient. Just because the numbers are less on arrest does not mean less crime, what it means is that the police are not pursuing arrests.

Kamala was the border sentinel, was she asleep or woke? Mirror, mirror on the wall whose the wokest of us all. During a conference in 2017, Kamala Harris said that she is 'woke' and that 'everybody needs to be woke, just like her <https://twitter.com/i/status/1820542708467048523>. [Who can argue with this?](#)

Do you want this for everyone? Certain Political leaders do. It used to be called political correctness, but being woke is 100% worse. Woke is a large part of the problem. Being woke is the reason why the country is in this disarray. For it is the Hegelian dialectic that helps make people woke, this is what communists use to convince their adversaries that they are right, when they are wrong. Without absolutes, all is relative. Even what 'they say' that is right today can be wrong tomorrow; meaning the very next day. You can be assured of nothing, except... Too many criminal immigrants they have freed have killed people. A staggering number, Noncitizens account for 64 percent of all federal arrests, according to the Justice Department.

When Title 42 ended, expulsions also ended. We are told the statistics on crime from immigrants is not accurate; its lower than citizens. Then why are there so many businesses leaving cities and putting items behind locked glass? Something we never had before?

Is it a surprise we have certain people in the gov. speaking out on behalf of the citizen's.

And what of the religious leader, the Pope? He says, "*Failing to care for migrants is a sin, a sin against life and humanity*," the pope continued "*Migration is a right, and it was already present in Sacred Scripture and in the Old Testament. The stranger, the orphan, and the widow - do not forget this*," (Vatican News.) Migration is fine until the subject of Jews coming to Israel comes up, which they have never favored.

So why are they not opening up the Vatican for migrants? Why are they exempt, are they not sinning too? There is more to this than just immigration, and the migration of today has no comparison to ancient times. The fact is, that one can change a country by this type of massive migration, which is more like an invasion. What is more sinister is that they can bring in numerous terrorists into the land.

And why is his statement on abortion being murder not equally publicized in the media? Does the Pope not know about the children being harmed worldwide in this mass migration?

Is The USA the number 1 country for Child trafficking? This does not mean movement only across the border, it includes state to state. Israel eliminated a number of Hamas leaders. Hamas plans for Sinwar to replace Haniyeh, terror.org announced. Sinwar is considered the primary mastermind of Oct.7, and the ensuing Israel-Hamas war [Yahya Sinwar to replace Haniyeh as Hamas political chief - The Jerusalem Post \(jpost.com\)](https://www.jpost.com/Israel-news/Article-Yahya-Sinwar-to-replace-Haniyeh-as-Hamas-political-chief-704444). Now they are going after Hezbollah. The worldwide hatred of Israel and the Jews from Islam continues, with only a few Muslim's speaking out because they fear for their lives.

You and AI and Religion

AI has certainly taken over the tech-world, all the new phones, along with the internet have it. Now it is intruding into religion, by telling us what Jesus really looked like.

The Shroud of Turin has recently made worldwide news. The Shroud shows an adult male, five feet eleven inches tall, with shoulder-length hair, mustache and beard. I have a hard time seeing the negative picture of the shroud (on your left) changed into this pic (on your right) by AI. I don't see this as an accurate rendition of the picture, look at the bone structure.

Some history on the Shroud: The linen in the shroud was formerly thought to be dated from 1260–1390 AD. But now they say it is to Jesus' day. The shroud is said to be woven linen of a professional quality weaver, likely owned by a wealthy person (Joseph of Arimathea?) The Flax fibers are traced to the Eastern Mediterranean or Middle East. The stitches are identical to an artifact found at Masada in Israel, dated 73 AD. The rest of the fabric was dated between 300 BC. and 300 AD.

The jury is still out on this, however, let me make a few points. The nail prints are in his wrist; which is accurate, also the bruising on the body shows crucifixion like the Romans did.

The Shroud does not have any color pigments on it, which most claim eliminates a clever artistic fake. The picture on the linen is a negative image, as if a light caused it. Chemical and biological testing proves the presence of a blood stain with blood type AB and MHC antigen group. As said, the jury is still out on this, but we do not need this artifact to show us what happened, the unbelieving world does.

ABC News, who brought us the debate had Rebecca Jarvis interview Oprah [Winfrey](#), who said she was initially skeptical of the new AI technology but changed her opinion. *"After Sam Altman was telling me about all the things that I could do, I was saying, 'Okay, don't be scared. ' You can get the*

ChatGPT app.” Later in the interview, she says, “I don’t think we should be scared; I think we should be disciplined, and we should honor it and have a reverence for what is to come.”

These are some ominous words considering the warnings from those who actually know about this. But this gives insight into how her discretion works. I guess the same people who listen to Oprah listen to Taylor Swift. Who knows, maybe she invested in the technology.

WEF - Schwab wants all 190 countries to be as one, to unite the world with their Marxism /Communist ways. As a technocrat, he and others are using social media to create a system for their new society that will be run by AI, a very bad decision.

Wars and rumors of wars

At the same time War is being designed as angry, mean unprincipled people with a dead conscience are running things. There are so many moving parts that are breaking us apart.

As the WEF, the UN, and the WHO are moving forward with their goals of control. The Law of the Sea Treaty is said to take away our rights to private enterprise, it endangers our national sovereignty and independence. We can’t let them control the narrative on the world; Pray and speak out!

1 Jn.5:19 explains everything. Some people will do anything to keep power. Especially those who have control of the most powerful nation in the world. These power brokers are managing the world’s destruction and we are in the home stretch. Over the last several years, we have witnessed a multitude of events as the powers that be position themselves, divide countries that will lead everyone to be in a dangerous condition. If we do not turn this around, the country will be gone.

Solomon said: *“Righteousness exalts a nation, but sin is a reproach to any people”* (Proverbs 14:34). Psalm 11:3 states: *“If the foundations are destroyed, what can the righteous do?”* The foundations we base our laws and ethics on are being destroyed, replaced with radical agendas that are not in our countries founding principles, nor humanities; certainly not the Bibles. I have taken the time to include links. Please share the links with people you know so that they are informed.

As believers in Christ, God's love abides in us and perfect love casts away any fear. We should not refuse to look at the truth. Again it bears repeating, we are at a point in the history of the world that is about civilization survival. There are a lot of (not so-good) predictions, of what is going to take place before or on Election Day or even after from those have been mostly right previously. No one knows for sure, we all hope for the best, we pray, ‘God have mercy on our country, and the people of the world.’

We have a chance to change the direction, and turn this around. Freedom of choice by voting.

The contrast is like night and day, dark and light.

In the next month we will find out whether we as a country are free or we will be subjugated to communist ways.

May you know the grace of our Lord Jesus Christ,
