### When the gospel is at stake what will become of Christianity?

The issue the world has always faced is control, self or governmental control. But there is a third choice, our maker - God. The only one who deserves control is the Lord, whom we can trust with our lives; no man who is well-meaning is perfect. When the subject of God is in front of us, various views come into play, of utter rejection or acceptance. Then the definition of God and which religion becomes the main point.

Communism expects a cult like adherence to government, God expects us to come under his leadership because He loves us and wants the best for us.

Is it religious control from the Church of Rome, or from personal spiritual experiences that are mystical, that will lead the masses into a new age view of Christ consciousness? And what of technocracy that is increasing?

Looking back to Genesis, we find that Cain rebelled against the Lord. In this second human rebellion, only 4 people as a family were alive on the earth at this time. When God did not accept Cain's sacrifice, he angered, and the Lord tried to reason

with him, but his anger overwhelmed him and he ended up murdering his brother. When the Lord confronted him on this, he showed his wickedness by questioning whether he was his brother's keeper.

God then casts Cain away from his family and God's presence to the land of Nod. Gen. 4:17, Cain eventually marries and has a son whom he builds a city for, and names it after his son, Enoch. He built a city, not just a building; how? Nine more generations take place until Noah (the 10<sup>th</sup>), who is able to build an invention never seen before, a huge boat that took 120 years to complete. Through God's Instruction, he saves and preserves mankind and the creatures God made. Noah did this with (possibly) the help of his three sons (some even say angels, of which the Scriptures are silent on).

Later in the 1800's humanity began to advance in inventions. It is during the early to mid-19th century that most of the cults of Christianity were born in America and are still with us today. At this time period

before the terminating event from the Nazis a century later, Zionism became a yearning in the heart of the Jews who wanted their homeland. It is also at this time, another worldview was introduced that became dominant, life could have happened without a Creator, called evolution, challenging God's Word.

My point is that we can look back to our not-so-distant past to see a schematic of the Devil's activity to grasp where we are headed. Another point for us to understand, contrary to evolution, mankind is not ascending higher, improving, advancing; he is in a state of regression. Man was far more intelligent and had greater abilities at his creation than we have today. Sin through our time has fatigued the human condition; the image of God we were made in is becoming darker as time moves further away from its starting point of humanity. Yet something unusual is taking place, our technology is advancing quicker than anything in human history; Why? It all has to do with the last days. Prophecy has all its i's dotted and the t's crossed. Israel, which is now in the hands of the people God gave it to, is now the

main focus of the conflicts on earth. Islam, evolution, secularism all have a place in opposing this tiny state that has one one-thousandth of the world's population. Israel has become one of the last puzzle pieces in place for the last of the latter days to unfold, just as Bible says.

There are so many 'conspiracy theories' running rampant, one would have thought a change of administration would have quelled these, but it has not. Many are now being openly examined, and we are finding proof of toxic chemicals released in the air, Darpa, Project blue Beam (projecting images into the sky). And those who have been undermining our country (defrauding, stealing money) in various ways are becoming known (by doge).

It has been said that the pen is said to be mightier than the sword; the last administration proved this true with [auto pen](#). But the many hands that controlled it are now going to be under investigation.

The desire for control has not vanished. Is it about population control, race control, mind control, etc.? Some, or all of these controls, are involved. One of the questions is, why has this been taking place? The answer is found in the main influence, that is spiritual. As we learn of this ongoing war on humanity, poisons in our food, poisons in the air, in our education, much has been going on for over 50 years. They were willing to sabotage our country, and now people have stepped up to restore our country. News sources of disinformation are no longer able to work their sorcery,

but the other side won't stop their rebellious behavior.

Freedom of speech has always been under attack, but our freedom begins with thought. Without independent thinking, we are left to only have groupthink, which leads many astray.

As we move toward the digital future called technocracy, we must be aware of its ultimate goal. Someone who is more studied on the subject than anyone I know has released a video that has made the invisible knowledge and actions of the elite technocrats visible and understandable to all. An informative and moving introductory film to where we are headed and what their plans are. Watch: '[the agenda](#), their vision, your future.'

The Pope concept only proves that if something is taught long enough, it will be believed, regardless of what Scripture says. The first Pope to be called the "[Vicar of Christ](#)" was Pope Leo the Great (AD 440). 13 popes have been named Leo, and they have now appointed the 267<sup>th</sup> successor of Rome's church, who adopted the name Leo. We watch to see how this will develop.

### **The gospel is at stake**

The modern church apologist Walter Martin used to say something that has stuck with me. Controversy for the sake of controversy is sin, controversy for the sake of the gospel is mandatory.

I have been a Christian for nearly 40 years and lived through many controversies. What I'm seeing now is an escalation that is unprecedented, spread through social media news and podcasts. Who do you trust when the headlines on various media platforms (even on Rumble), are not truthful to what the content actually carries?

What I'm hearing and reading is so upsetting, heartbreaking, and I'm at times at a loss for words. A great danger to the body of Christ has become known. We have been warned to keep ourselves spiritually safe, "*see to it that no one deceives you*," we are told that deception will become so great in the last days that even the elect would be at risk (Mt.24). This is about the 'New Age' in the church, a merging of spiritual beliefs (along with scientism) not spoken of in the Bible. There are a number of active teachers influencing a new age view, but there is one person in particular who has come to our attention, who, under the title the Health Ranger, is speaking daily; he has over 50 main domains, and hundreds more with other titles promoting his views. He is known as a best-selling author on health issues (not all medical Scientists agree), some call him an über-quack", and others use such names. His book is still advertised as a best-selling author (#1 best-selling science book on Amazon.com called "Food Forensics"), which I could not find in 2022 or 2023, nor mentioned elsewhere.

Mike Adams, also known as the Health Ranger, his main website,

Natural News has more than six million unique visitors per month and 11 million page views per month, according to [self-reported data](#). The [Natural News Facebook page](#) has 2.9M followers, (based on 2018 data, It would be far more today). On YouTube, he had at least 100,000 followers with 21 million views before being deplatformed, then later renewed. He was removed from YouTube, Twitter and elsewhere because of what he said on the Covid vaccines (which I mostly agree with; I think that his following is far more today.)

Adams has recently [released](#), and [open-source](#), downloadable AI chatbot project and Neo. AI language model trained on REALITY content. And also Enoch, an AI model that empowers humanity with forbidden knowledge and honest truths.

Adams is known publicly as an investigative journalist, clean food activist, and host of The Health Ranger Report worldwide. Covering the topics of energy, finance, culture, prepping, medicine, and science. Because of his education in health, he has now formed a church. And here is where my concern is; what he claim as true Bible teaching? After watching and reading dozens of his videos and statements, I wondered how anyone be this wrong on so many subjects; it's uncanny. And if he is this wrong on, Jesus, God, and the Bible could not the other things he speaks on be affected too?

Many respect him on his advocacy for health, but do they know what he 'really believes' on life and God? I have written numerous articles on these important subjects, showing how little he knows of the Bible and

that he is teaching a synthesis of New Age, much like the emergent church has done. He has a flawed understanding of life itself, as he teaches we are in a simulation by God, this life is not reality, only our soul is real.

In fact, I have not written this much on someone's false teachings since William Branham or Michael Heiser. I find his teachings are *more dangerous*, not just from what is said but because of the outreach, again, so many hearing false Bible teachings and facts that trust him because of health.

Claiming to be a Christian, He merges new age spirituality using quantum physics with Scripture, he denies the core doctrines that one must believe to be an actual Christian, denies the necessity of [the gospel](#), and who Christ is. Claiming that there can be other sons of God like Jesus on other worlds throughout the universe. He alters the words of prophecy (especially in Revelation, where there is a specific warning against doing so.) Stating unequivocally that there is no second coming and no rapture. He changes all types of Scripture to conform to his unique allegorical new age interpretative view on consciousness, which is what the new age movement is about. He abhors Israel and the Jews, claiming they are and have always been evil and committing genocide, calling

them every horrid name possible. The way he speaks of them is no different than radical Muslim clerics or terrorists using the Quran.

His internal contradictions, of his own worldview (including the Bible), elude him. For example, he says the soul cannot be killed it is eternal from God, then he says all the people's bodies and souls will be killed by Jesus, by the last trump, which he says is the last of 7 comets that comes at the end of the tribulation. Then all good souls from any religion will be resurrected without their bodies, just like Jesus was resurrected (he denies that Jesus resurrected physically in the body.)

Satan is on the move opposing God, he is coalescing various deceptions, invigorating old ones, and inventing new ones, expanding them as we enter the last of the last days. God's Word and Spirit, which are truth, must be our influence and shield for our keeping the faith as this all takes place.

Once the authority of spiritual truth in the Word is diminished, the Bible is traded off for men's interpretation, just like in Jesus' day with the Pharisees. We have certain popular teachers, respected and adored men and women, who are teaching rank falsehoods on the nature of God and salvation. Some have an objective; like Adams, to turn the Church against the people of the covenant, Israel. Because that is what the final conflict in the world will be about. Understand, once Israel begins to build the temple in Jerusalem, there is no turning back; Satan's days are numbered, literally.

At this present time, the Jewish people are said to be enemies of the gospel by Paul, but the Scripture also says it benefits the Gentiles who are continually being saved (Rom.11) and placed into the olive tree with the first believing Jews (Rom.11).

What happens when the true gospel is so diminished, altered so that it is no longer spoken? It means far less people are saved. One of the heresies Adams teaches is that all good people go to heaven, from any religion, or from no religion. Adams, claiming to represent Christ in his abundance church, says the gospel is not necessary to go to heaven. Anyone of any religion can go by being good. One of his special requirements for being good...is to not support Israel because he teaches they are 666.

Biblically, if you think you are a good person and are doing good, that will be accepted by God, it prevents you from going to heaven when you die. Why? Because Jesus came to save those who can admit they are not good, who understand they are sinful, in need of a savior. God's way to be accepted by him is to admit you are sinful, all of us have offended him with our lifestyle, thoughts, and actions. No one can be saved without this admittance, as Jesus taught, I did not come to save the righteous, those who have need of a physician.

Anyone can do a good deed, but they are not considered good works if they are not done 'in Christ.' Isaiah says to God's people, *All our works are like filthy rags*. As Paul taught there is none good, no not one, and it was Jesus who said to a man who was trying to keep the law for his

salvation, *there is none good but God*.

Jesus spoke Matt. 15:19 "*For out of the heart proceed evil thoughts*, and lists the variety of them. Echoing what Jeremiah stated 17:9-10 "*The heart is deceitful above all things, And desperately wicked; Who can know it? I, the LORD, search the heart, I test the mind, Even to give every man according to his ways, According to the fruit of his doings.*"

God is concerned with what we do, but it all begins in the heart, which is the source of where sin is birthed (Jms. 1:14-15). Just as it was with Cain who killed his only brother.

If you want to know what someone thinks, just listen to them long enough to assess what they really believe. Mike Adams says numerous times that Paul is a deceiver, an impostor, a liar. Paul is betraying the word of Christ, betraying the Lord. Paul is not a man of Christ. That Paul, elbowed his way into a very dominant position in the Bible, contradicting the Gospels! Once you remove Paul, who explains the gospel of grace more than any of the other apostles, you have no gospel! That leaves 14 of the 27 books of the New Testament left.

Many of Adams' statements are more than inappropriate; they are disgusting, personal opinions and lies. He is not educating from the Bible; he is de-educating believers who

listen to him, subtly and blatantly challenging everything in the Word that would be essential to their faith.

The fact is, I have never seen so much wrong taught by a single person in such a short time. Even his colleague, a co-belligerent who also hates the Jews and Israel rebuked him for his teaching; which I find ironic. One false teacher correcting another, much like when Benny Hinn rebuked Joel Osteen.

As the world's rebellion against the Word is growing to new heights and will soon reach its zenith point, what of the Church? What takes place when there are more who abandon the truth than live it? We will see a massive shift, a change in culture. This is a harbinger for the one who is to come as the counterfeit Christ.

### **Israel as the main target of God's enemy**

There is a growing hatred against Israel, accused of being genocidal when they are trying to protect their own people from neighbors who want them dead day in and day out. [Those who oppose](#) them say they should have no Jewish homeland, and no self-defense. God says different.

The UN has sided against Israel nearly every time, almost as much as the NY Times. A growing unity of abhorrence is not just about Israel's current policies toward Palestinians — it is really about the Jews and Israel's existence. Behind all that we see, it is Satan's war for his continuation of control. This spiritual war will continue, and culminate with the greatest deception upon mankind that will

begin the tribulation period that will only be ended by the second coming of Jesus Christ, the true messiah. What a glorious day that will be.

Rep. Tlaib continually accuses Israel of being an apartheid regime, [some of her fellow Democrats had enough of the Squad's Jew-hating bigotry](#). Rep. Ted Deutch (D-Fla.) exclaimed, *"To advocate for the dismantling of the one Jewish state in the world, when there's no place on the map for one Jewish state, that's antisemitism, and I reject that."*

As the strings get pulled from the yarn that was spun, we are finding out so much about our nation's inner working. The real problem is knowing what's wrong and having the guts to fix it. We have many ethical people, upholders of the constitution, actively trying to bring us back to what we once knew as normal. If it is only temporary, it will not be enough. What does it take to turn the Titanic around before it hits the iceberg? Unfortunately, too many do not see a strong reaction needed for our country's survival. And what of the church that is oversaturated with false teaching and false prophets?

Biblically, we are deep into the last days, and we should all know what the scripture says on prophecy. Whatever is going to take place, what we know politically is that Trump is, at least for the time being, is trying to do what is right compared to those who have been doing wrong. Yet we are cautioned not to put our trust in man (Jer. 17:5; Ps. 118:8).

A [TikTok army](#) (time stamp 1.25) who have no moral boundaries made fake

audio and videos to turn people against what's right, leading a campaign stating that being illegal is not a criminal but civil matter (its like jay walking), It is not, [8 U.S. Code § 1325](#). In fact, the people involved in spreading this disinformation are breaking the law ([spreading False information and hoaxes](#)) by misleading and deceiving the public. This whole campaign is against the law and order that the Trump administration is reintroducing to restore safety.

Apparently, 'law makers' in California [do not want 'law breakers' taken out](#) of their state. This rebellion is [spreading elsewhere](#); their plan is [to make Trump look like a dictator](#), but the people who live there and know politics [are not fooled](#) by their chicanery.

We should all understand that a transformation ('fundamental change') was escalated to dismantle our country from what the founders intended. The former vice president was put in, as his surrogates surreptitiously used his office to disassemble the country piece by piece. The main play was to allow radicals, criminals to accompany others into the country. We survived, not because of our ingenuity, unity, or strength, but because of God.

What one side of the population is doing is what mankind has always done: appeasing evil and taking the easy way out. If 27 states and numerous judges can rule over the president in protecting citizens and want the

illegal criminal gang members returned, then anything can take place, and according to the Peter principle, it will, unless the Lord intervenes.

We have an insurrection taking place by those in congress who have broken their oath, setting a dangerous precedent in America. Going against any financial accountability. They opposed Musk heading up Doge, who is the main manufacturer of the electric vehicles (Tesla), the politicians threatened by being defunded encouraged the rebellious to destroy his cars. Showing they don't care about the environment as much as they do politics, which has become their life.

### **The world is at war, and many are at war with the US**

Peace is not a natural occurrence in a tumultuous world where lawlessness is on the rise. We see Wars and seeds of more war growing throughout the world, where any one of these areas can turn into a nightmare scenario overnight. Russia and Ukraine, Israel and Iran; (Iran's future is found in Jer. 49:34-39, Elam is Persia; Iran). We watch the threats of nukes go back and forth, now from India to Pakistan.

Israel agreed not to strike Iran' (they gave it 60 days) unless the US nuclear talks break down, which they did. Israel's concern about its main enemy sponsoring terrorism is that it has nukes. Threatening Israel with annihilation has justified Israel in taking out Iran's nuclear facilities preemptively. Iran responded as we would expect, going directly after civilians with 100 + missiles. Israel

then responded the same, which has brought them to war, as Iran then responded again, and this will continue.

God has promised blessing or cursing to those who bless or curse Israel. Egypt's Pharaoh found out what cursing Israel meant, as have others in history. Who else wants to find out?

Will we see the unthinkable, what science fiction books and movies have foretold? This is unraveling as we are moving forward, toward a zenith point. God's answer is still the answer, but what is the world hearing as the answer?

As Fentanyl smuggling is being slowed, what of digital or other types of espionage? Tom Homan, the Border Czar, notifies us of something worse than "9/11" being imminent. [Federal authorities charged two Chinese nationals](#), in a conspiracy to smuggle a dangerous biological pathogen into the U.S. The FBI, a week later arrested a second University of Michigan scholar from China for smuggling pathogens into the United States. Now, a [Third Chinese Student is Charged with Smuggling Biological Materials into U. Michigan](#). We need to be on guard more than ever for bioterrorism in our agriculture, food supply, and water, for those against us will stop at nothing.

### **War on the climate**

Who knew [wind turbines](#) could be so deadly? Hawaii has hills populated by these. They are finding out that many of the solutions were not what they thought they were. Recently, Toyota Chairman Akio Toyoda [has raised concerns](#) about the

environmental benefits of battery electric vehicles.

Hawaii blamed the Maui fires on global warming. To pay for their mismanagement, they recently passed a tourist tax (carbon print) to pay for it, a total of an 11% rate placed upon lodging. That's enough for people to change their minds. Hawaii is one of the highest taxed states and is now the first on Carbon fees, which are coming to all unless we speak up. Their goal is 70% cut in emissions by 2030, and zero emissions by 2045; fully an unrealistic goal.

### **Anti Semitism, the war on Jews and Israel**

According to the Middle East forum many Jews have [suffered hardship](#) after Oct.7, 2023. [What is taking place](#) is that one side has aligned itself to co-operate against their own country's interests and instead for a globalist regime.

An [Israel Summit scheduled](#) for Dallas, TX has been canceled due to escalating violent threats from jihadist groups.

[Unmasking Hate in the Guise of Activism](#). ADL tabulated in 2024 9,354 anti-semitic incidents throughout the United States. Even if the numbers were half, that is astounding. From 2021, there have been over 50 terrorist incidents in the US reported to have support for ISIS and Hezbollah.

Israel's Government had warned repeatedly to the White

House that the Islamic terrorism that they live with everyday would soon come to America. Well, it is now here. The last administration let anyone into the country without equivocation, even terrorists. They are planted here waiting to become active. We see Hamas' influence on University campuses who allow Jewish Americans to be harassed. The [American universities](#) have been infiltrated by communism and Islam, (some U's have more money than some countries). Campus' have become the focal point of Hamas support. Is the activity of [violence](#) acceptable? <https://archive.is/jBEfT>. We will see this whole matter continue to escalate on campus unless we put a stop to this American antifada led by foreign students.

Musician Kanye has been selling swastika merchandise having a history of offensive and anti-semitic comments, repeating praise of Hitler and the Nazis starting in late 2022 and throughout 2023. Speaking anti-semitic conspiracy theories that many described as hateful and dangerous. Then he seemed to recant this noxious period of repeated anti-semitic comments that drew widespread condemnation. Then he went back to saying them again. Recently, he was dropped by his talent agency after posting a stream of anti-semitic abuse, and put T-shirts with a swastika on sale in his online shop. His song praising Hitler was pulled from most online platforms. Shortly after, Kanye says that he asked for [God's "Forgiveness,"](#) being [Done with Antisemitism](#). Hopefully, this is not temporary and is Prov. 16:24 *"The heart of the wise teaches his mouth, And adds learning to his lips."*

This Jewish Professor's Book [Explaining the Truth About the Gaza War](#) is Much Needed. Apparently many people are manipulated to hate. [The Truth About the Aid Situation in Gaza](#)

[This is what the pro hamas](#) and anti-Israel protestors are supporting. The same words and accusations are used by those supporting Hamas on campus'. Mike Adams who has a large social platform is also saying the similar accusations, instigating hatred toward Israel and Jews calling those in the church who support Israel as evil.

On American soil, a man [set fire to the home](#) of Pennsylvania Gov. Josh Shapiro. Then in a second attack, two Israeli Embassy staffers at a Jewish Museum in Washington, D.C. were [fatally shot by terrorist](#). A left-wing anti-Israel activist from Chicago who idolized the Man who set himself on fire outside Israeli Embassy, shot the victims dead as they crawled away. Yelling out the same statements, the pro-Hamas movement on campuses 'Free, free Palestine.'

In Colorado a 3<sup>rd</sup> attack came from an Egyptian illegal named Mohammed, who planned for a year as he watched these people gather and walk each week to bring attention to the hostages in Hamas. Four women and four men between 52 and 88 years old, a holocaust survivor, were recipients of his hate. Using a makeshift flamethrower and Molotov cocktails, he injured 12. His goal was to kill everyone. The very same type of speech from Colorado spoke to kill all Zionist people. Yelling "How many children have you killed?" and "We have to end Zionists, they are killers." House

chairman Jim [Jordan has launched an Investigation](#) into the family.

It is reported he praised the radical Islamist group [Muslim brotherhood](#), whose statement is "Allah is our objective the prophet is our leader the Qur'an is our law. Jihad is our way. Dying in the way of allah is our highest hope," so much for a religion of peace. How is this acceptable anyone?

[The differences](#) of Israel's Judaism and Islam are like night and day. [Hamas celebrates](#) the innocent gunned down, showing their inhumanity, as they do love death. The Muslim Brotherhood is considered a terror outfit in Saudi Arabia, the United Arab Emirates, Egypt, Syria, and Bahrain. Hamas was formed in 1987 as an offshoot of their Brotherhood. Article 7 of the Hamas Charter reiterates the apocalyptic Hadith in the Qur'an: "*The Last Hour would not come unless the Muslims will fight against the Jews, and the Muslims would kill them until the Jews would hide themselves behind a stone or a tree, and a stone or a tree would say: 'Muslim, or the servant of Allah, there is a Jew behind me; come and kill him.'*"

The Muslim brotherhood is not alone; there are Students for Justice in Palestine, the Muslim American Society, Islamic Circle of North America, Islamic Society of North America. These are some of the

groups working to undermine our Constitutional Republic for Islam and sharia law; some say they are Hamas in America. Cair put out a statement on ICE (June 2), "*they are not arresting people they are abducting people. There's a huge difference.*" Among those ICE Captured, [the Worst of the Worst](#) Illegal Alien Criminals in Los Angeles, Including Murderers, Sex Offenders, and Other Violent Criminals.

They know unity is a necessity for their rebellion to succeed. We see Hamas and its sympathizers are united with communists, and now with those of la Raza, in the current ongoing chaos in LA (la Raza believes California was stolen from Mexico). This turmoil is funded and brought to you by foreign and local domestic communists in our government ~~who love~~ this country.

As this spreads throughout the states, these planned events are covered by 'the media' as "peaceful protests." They do not acknowledge any violence coming from protesters/rioters, who are smashing windows, stealing, setting fires, and attacking police. They instead claim [ICE Arrests model citizens](#). The [Democrat Governors](#) defend Sanctuary Cities, arguing [criminal act](#) are not from them, as they [make victims](#) into heroes. They must choose between Communities or communists. (see the Joe Pags show [cover the riots](#).)

### **Hamas marketing Gaza victimhood**

The Gaza Strip has been given billions of dollars in humanitarian aid over the last several years, over \$400 million from the U.S. and \$1 billion from Qatar. Hamas has diverted much of that humanitarian

aid that was intended for the Palestinian people for its own purposes, missiles and weapons for war. At the same time, humanitarian aid arrives, Hamas diverts delivery of relief to their own people, and denies they are doing this to the news. Gaza faces a severe humanitarian crisis, and it is Hamas that is the responsible party for nearly everything that has taken place in Gaza. Informative interview with Ruth Blum on [Joe Pags show](#) on the Hamas and Israel conflict.

According to the Associated Press, citing Gaza's Health Ministry, On October 7, 2023, the Palestinian militant group [Hamas](#) led an attack against Israel, killing 1,200 and abducting 251 people. Today, around 58 people remain captive. Israel has since launched an offensive on Gaza, killing more than 54,000 people.

Much of the hysteria and anger are driven by the news from the likes of CNN that takes what is reported from Hamas as absolute, claiming that “dozens” of Palestinians had been killed near an American-run aid site in Gaza, despite Israeli denials and [a history of Hamas lies](#). They cited the Gaza “health ministry” — without noting that the “ministry” is controlled entirely by Hamas and has a [long record](#) of false and scandalous claims, reporting that “Israeli forces opened fire on Palestinians as they made their way to the distribution site in Tel al-Sultan in Rafah.”

UNRWA, the leading UN agency that provided support for Palestinians across the Middle East, including Gaza, [came under fire for the involvement of some of its employees in the October 7 Hamas massacre in Israel](#).

There has been a purposeful media campaign to make Israel look like they are committing genocide. According to the laws of war, countries are not required to supply their enemies with food, water, electricity, and gasoline, all of which support the enemy's capacity to fight. But Israel continually tries to supply Gaza with electricity, water, food, and medicine even after the most brutal massacre from them in one day to occur on its soil. Israel also continues to uncover tunnel entrances with weapons, terrorist infrastructure in their mosques, schools, hospitals, and U.N. facilities, including weapons in Gaza houses. Israel understands their war is against Hamas, not the people of Gaza. But waters are muddled as the media (newscasts) gives out information that is often not affirmed.

On October 18, 2023, 11 days after Hamas' murderous terror attack, [Israel agreed to allow humanitarian aid to enter Gaza from Egypt](#) to mitigate a major humanitarian crisis and save innocent Palestinian lives. [Israel also restarted the water supply to southern Gaza](#) to encourage life-saving evacuations southward. Israel has also [granted permits to about 17,000 Gaza residents to enter and work in Israeli communities](#), relieving the dire humanitarian and economic situation brought on by Hamas' control.

Israel's Foreign Ministry said that IPC forecasts were “based on biased data—sourced from

Hamas's ‘Ministry of Health,’” which it said was “known for spreading propaganda.”

According to COGAT, (Coordinator of government activities in the territory), [over 25,000 trucks bearing humanitarian aid](#) entered Gaza between January 19 and March 2, carrying some 448,000 tons of aid, 339,000 tons of which was food aid.

COGAT said the IPC relies on the UN for its data on aid to Gaza, and that UN agencies counted only a third of the actual aid that entered the territory during the ceasefire. There were 339,000 tons brought into Gaza during the ceasefire said which should suffice for Gaza's population of 2.1 million people until the middle of July.

To date, over [66,000 trucks on the ground have delivered over 1.3 million tons of aid](#) – including 25,000 trucks during the temporary ceasefire. Cargo included 1,010,613 tons of food, 53,040 tons of water, 30,430 tons of medical supplies, and 104,792 tons of shelter equipment. In just the past 12 months alone, nearly 26.3 million liters of fuel and nearly 22,000 tons of cooking gas have been delivered. All of these Hamas disputes (question, is Hamas starving too?)

### **What do the Gazans say?**

As the Gaza humanitarian foundation (USA company) took over the relief efforts, Hamas no longer has control and leverage over its people. A new Round of Palestinian Protests erupted in Gaza, but these were against the ruling Terror Group Hamas; [All Hamas, Out!](#) Many Palestinians are now demanding that Hamas give up control of Gaza, because they want

peace, not war. They are beginning to understand what Hamas did to them. The people are at a crossroads, and some Gazans are willing to risk their lives. Hamas is a terrorist group that violently attacks those it considers to be “collaborators” with Israel, wanting peace instead of war, this is why it is nearly impossible to negotiate a ceasefire. Prov. 12:20 “*Deceit is in the heart of those who devise evil, But counselors of peace have joy*”

### Whats really going on in Gaza?

U. S. Envoy Witkoff described a plan of a 60-day ceasefire deal meant to free half the living hostages. Israel agreed to the terms, but Hamas neither explicitly accepted nor rejected. Hamas has agreed to release 10 living hostages and 18 bodies in its response to the US's Gaza ceasefire. Think about it, they keep the dead as a negotiating point. In return, they also want Israel to free over 1,200 Palestinian detainees.

Hamas refuses to relinquish its hold on Gaza, expecting that a ceasefire includes its continued governance of the Palestinians. Israel insists on Hamas's disarmament and the release of all 56 hostages before the war can end. Israeli PM Netanyahu accepted US's latest Gaza ceasefire proposal as Hamas stalls, saying it is considering it. A former Israeli hostage

Over 50 years ago, Hal Lindsay wrote a book titled ‘Satan is alive and well on planet earth.’ What was true then is even more true now as

we march ourselves to war[s] which are not only probable but many expect. We need to brace ourselves for the unexpected.

Satan knows that prophecy depends on Israel being a nation in the land. Eventually, they will build a 3rd temple, which will become the beginning of his end. As God has begun to bring his people back into the land, the enemy of God is doing everything he can to prevent this fulfilment, using lies, hatred, terrorism, and a particular religion to violently oppose her to try to prevent these prophecies from taking place.

Yes, Israel will be rescued and saved, Psalm 121:1-4 “*Behold, He who keeps Israel Shall neither slumber nor sleep.*” There is a time when God will rise to execute his judgement, and that time is coming closer everyday. As promised in Zech. 13:9 “*I will bring the one-third through the fire, Will refine them as silver is refined, And test them as gold is tested. They will call on My name, (Rom.10) And I will answer them. I will say, 'This is My people'; And each one will say, 'The LORD is my God.'*”

God watches over Israel, his people. He will allow her enemies to go only so far, for they are ‘the apple of his eye.’ God is also watching us. Let us stand up for righteousness, for the truth, as the voices of opposition increase in this world, giving them God’s

solution to humanities dilemma.

May you know the grace of our Lord Jesus Christ,
